The screenshot shows the FedEx Developer Resource Center website. The top navigation bar includes the FedEx logo and menu items: Shipping, Tracking, Design & Print, Locations, and Support. A search icon and a user profile icon are also present. The main content area features the text "FedEx Developer Resource Center" and a background image of a smiling man at a laptop. Below this, a secondary navigation bar contains "DRC Home", "FedEx Web Services" (highlighted with a red box and a blue circle containing the number 2), "FSMS", "Document Printing Services", "Get Support", and "Announ". A dropdown menu is open under "FedEx Web Services", showing "Get Test Key" and "Get Production Key" (highlighted with a red box and a blue circle containing the number 3). A close button (X) is visible in the top right of the dropdown menu.

Welcome to FedEx Web Services

Note: The FedEx Web Services (SOAP) is now in development containment. All new integrations can be completed using RESTful APIs available at the [FedEx Developer Portal](#). Customers moving to Production will need a new set of credentials to replace the existing TEST credentials. Click the “Get Production Key” below.

Move to Production

Customers moving to production will need a new set of credentials that will replace the test credentials currently in their application. Credentials include Meter Number, Authentication Key, and Password.

Note: FedEx account billing contact information is required to complete the production registration process.

Congratulations! Your Production System Access information is confirmed.

There are two parts to the FedEx Authentication process. There is a security code and a production key.

Please retain the following information in a secured environment. You will need this information to run your Web Services in the FedEx Production environment.

A confirmation email will be sent to you with your Production password and directions for executing your FedEx Web Services application in the FedEx Production environment. The Authentication Key will **not** be included in your email.

Supported Web Services: FedEx Web Services for Shipping

Authentication Key:

Meter Number:

Go to [FedEx Developer Resource Center](#)

「Authentication Key」と「Meter Number」はソリューションに入力する情報になります。

※ Authentication Keyはメールに送信されませんので、必ずメモしてください!!

FedExサイトからの取得作業は完了です。

パスワードメールを確認後、広げてドットコムへアクセスし、取得した情報をご登録ください!

10

You're now ready to move your application into production.

Now that you've tested your application, you're ready to move to production. You should have received your Production Key on the confirmation page when registering for credentials. Below are the remaining production credentials you requested.

Production Account Information

Production URL: <https://ws.fedex.com:443/web-services>

Password: XXXXXXXXXXXXXXXXXXXX

FedEx Shipping Account Number: XXXXXXXXXX

FedEx Web Services Account Number: XXXXXXXXXX

Replace the URL and test credentials with production information and begin using FedEx Web Services.

メールタイトル:

Your developer Production Key Registration is complete

➡ 「Password」はソリューションに入力する情報になります。

※ 受信トレイから確認できない場合、迷惑メールもご確認ください。
